Applicant : M. Amin Arnaout et al.                      Art Unit : 1645  
Serial No. : 09/758,493                                      Examiner : Schwadron  
Filed : January 11, 2001  
Title : HIGH AFFINITY INTEGRIN POLYPEPTIDES AND USES THEREOF

Commissioner for Patents  
Washington, D.C. 20231

**DECLARATION OF JANINE M. GOODWIN**

I, Janine M. Goodwin, declare as follows:

1. I have been employed by Fish & Richardson P.C. since September 4, 2000, as a Sr. Docketing Specialist in the Patent Services Department.
2. When mail is received by Fish & Richardson P.C. from the U.S. Patent and Trademark Office ("PTO"), the mail is entered and docketed into the Fish & Richardson P.C. computerized docketing system and entered into a manual log of all PTO mail received to date. It is then sent to the attorney in charge of the case for entry into the file.
3. According to our docket system the case identified as U.S.S.N. 09/758,493 filed January 11, 2001 corresponds to client/matter number 00786/804001.
4. I have checked our computerized docketing system and found that the October 1, 2002 correspondence concerning the above-captioned case was not entered or docketed.
5. I have checked our manual mail log (Exhibit A) for the period of time from October 1, 2002 through October 31, 2002. If we had received a PTO action for application

CERTIFICATE OF MAILING BY FIRST CLASS MAIL

I hereby certify under 37 CFR §1.8(a) that this correspondence is being deposited with the United States Postal Service as first class mail with sufficient postage on the date indicated below and is addressed to the Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450.

number 09/758,493, I would expect to see an entry in the mail log which would include the date received; the Fish & Richardson reference number; and the base date of October 1, 2002. There is no record of ever receiving the action mailed October 1, 2002.

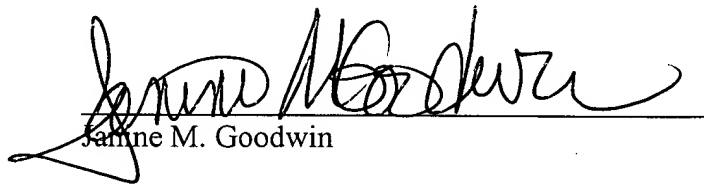

6. I also checked copies of our docket printouts (Exhibit B) showing docketing deadlines occurring on January 1, 2003 and April 1, 2003. Each entry in Exhibit B identifies the docketed date; the Fish & Richardson reference number; the U.S. Serial Number; a description of the action; and a description of the type of deadline. For application U.S.S.N. 09/758,493, if we had received an action dated October 1, 2002, I would have expected to find the docketed due date of January 1, 2003 and final deadline of April 1, 2003 for response to the action. I did not find such docket entries in the docket printouts for January 1, 2003 or April 1, 2003. Copies of the docket printouts for January 1, 2003 and April 1, 2003 are attached as Exhibit B.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patents issued thereon.

Respectfully submitted,

Date: \_\_\_\_\_
